30-WATT TURBINE

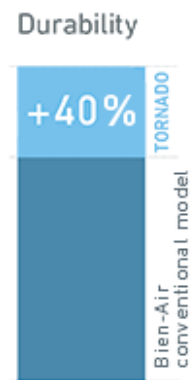

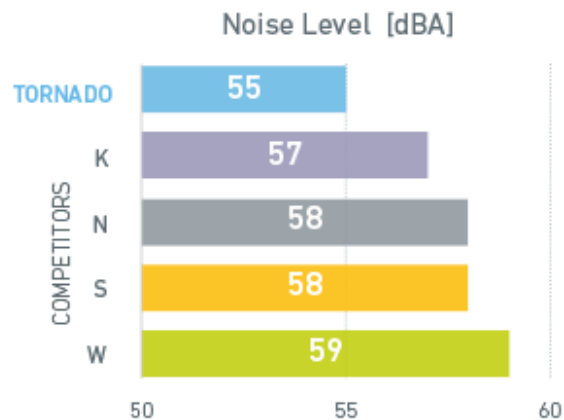

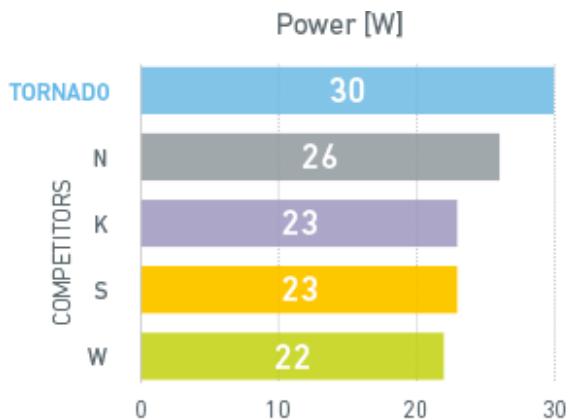

QUIETLY POWERFUL

## FEATURES, ADVANTAGES & BENEFITS

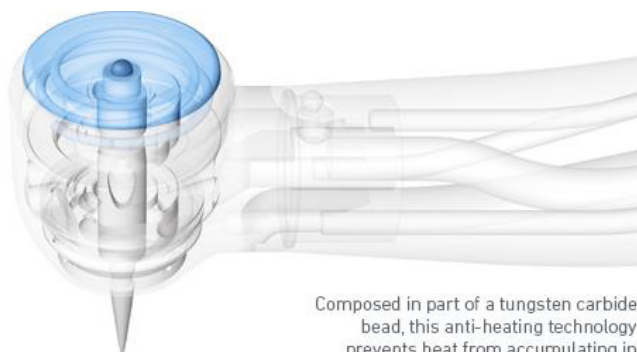

- ✓ **\$995.00** Including Coupler
- ✓ **30 Watts** – Highest Powered Air Turbine in the Industry
- ✓ **55 dB** – Quietest Air Turbine in the Industry
- ✓ **2 Year Standard Warranty** with 3<sup>rd</sup> Year Option for \$159.00 – Longest Warranty in the Industry
- ✓ **Versatile** - Fits all 5 hole or 6-pin Tubing's

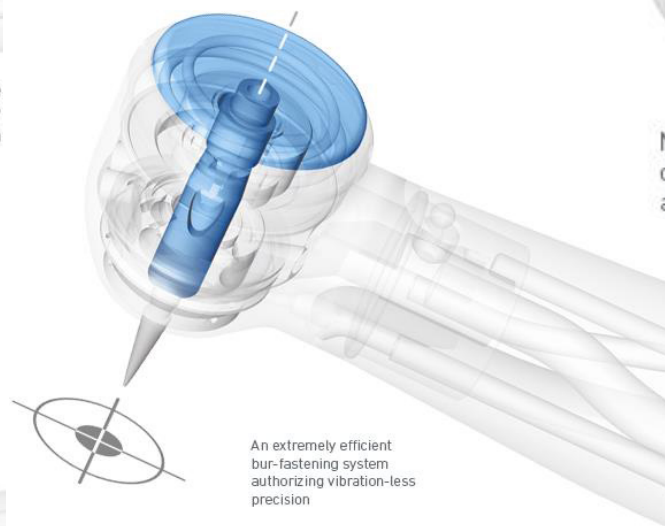

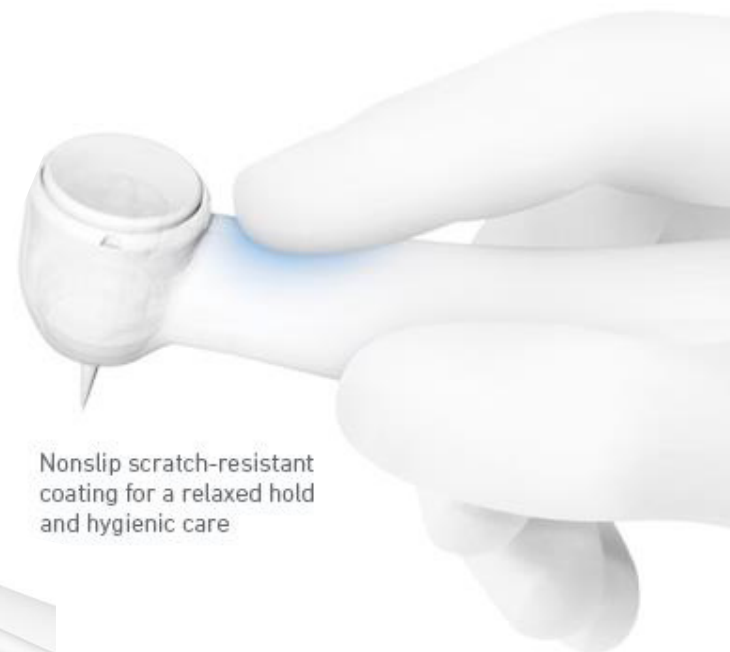

**Bien Air**   
*Dental*

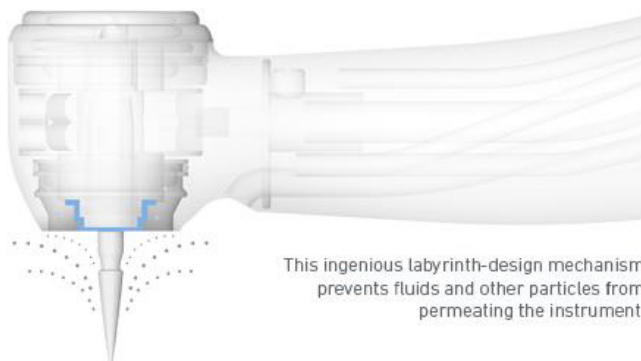

Composed in part of a tungsten carbide bead, this anti-heating technology prevents heat from accumulating in the instrument's head

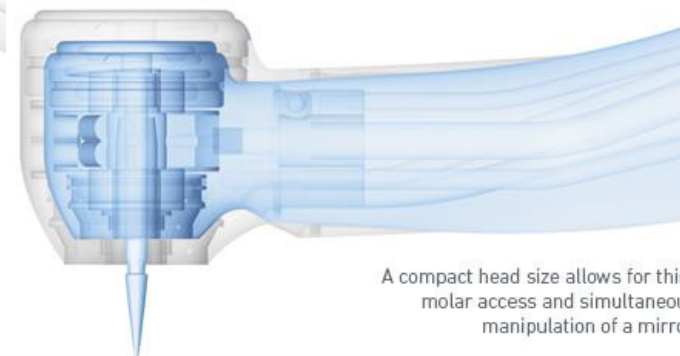

An extremely efficient bur-fastening system authorizing vibration-less precision

Nonslip scratch-resistant coating for a relaxed hold and hygienic care

This ingenious labyrinth-design mechanism prevents fluids and other particles from permeating the instrument

A compact head size allows for third molar access and simultaneous manipulation of a mirror
